**FOR IMMEDIATE RELEASE**

## Scherr Technology Becomes a Authorize.Net Preferred Reseller

**New York, USA (November 14, 2007)**

Scherr Technology today announces it is a Authorize.Net payment gateway Preferred Reseller. With the Authorize.Net payment gateway, our clients can accept credit card and electronic check payments quickly and affordably. Scherr Technology can now provide seamless ecommerce payment gateway integration that will result in a more efficient and cost effective experience for our clientele. More than 195,000 merchants trust them to manage their transactions, help prevent fraud, and grow their business. Scherr Technology is a proud Authorize.Net Preferred Reseller.

We at Scherr Technology continue to look for ways to integrate new solutions that can both save money and provide a better user experience. Our commitment to quality includes proactively monitoring all our client websites and implementing new solutions when they become available. Authorize.Net is the market leader in ecommerce payment gateway solutions.

### **About Authorize.Net**

Since 1996, Authorize.Net has been a leading provider of payment gateway services, managing the submission of payment transactions to the processing networks on behalf of merchant customers. On November 1, 2007, CyberSource Corporation acquired Authorize.Net. Collectively, the companies processed approximately 1.1 billion transactions in 2006, representing \$65 billion of e-commerce. Authorize.Net enables merchants to authorize, settle and manage credit card and electronic check transactions via Web sites, retail stores, mail order/telephone order (MOTO) call centers and mobile devices.

### **About Scherr Technology**

Founded in 1994 by Brian C. Scherr and located in New York, Scherr Technology is a full service media company specializing in video enabled website design and development, existing site redesigns, corporate identity, ecommerce and marketing. Located in New York, Scherr Technology provides unique solutions to a wide range of clientele across the United States and throughout the world with an emphasis on broadband and emerging technologies.
